WORK EXPERIENCE

2020-Present

Walulel (UI/UX Designer)

- Designed and developed visually appealing and user-friendly interfaces for web and mobile applications using industry-standard design tools
- Conducted user research and usability testing to inform design decisions and ensure optimal user experience
- Collaborated with cross-functional teams, including developers, product managers, and marketing teams
- Maintained and updated design systems, ensuring consistency across all products and platforms
- Managed design projects from conception to launch, ensuring designs met business goals and user needs

May 2022- July 2022

Terralix (Freelance - UI Design)

- Incorporated modern aesthetics through sketching, wireframing and prototyping

Oct 2020-Dec 2020

Walulel

Web Development Intern (Backend)

- Creation of resources (database migrations, models, controllers to get info from database, returning information)
- Testing and documentation of APIs
- Creation of a Todolist API (CRUD function)
- Documented project changes in team manuals for future reference and use.
